City, ST 12345

Education

**Bachelor of Science
Honours in Computer
Science & Technology**
Uva Wellassa University of Sri
lanka
2019 - 2023

Technical Skills

- Languages: JavaScript, HTML, CSS
- Frameworks & Libraries: React, Node.js, Express
- Databases: MySQL, MongoDB
- Tools & Platforms: Git, GitHub, VS Code, Linux
- Other Skills: REST API development, Responsive Web Design

PRIYANKA GOWSIGAN

Software Engineer

Profile

Passionate Computer Science and Technology graduate from Uva Wellassa University of Sri Lanka with hands-on experience in web development and a solid foundation in JavaScript, React, and Node.js. Seeking a software engineering position in Singapore to contribute to innovative teams by applying technical skills in modern web technologies and Agile development environments.

Work Experience

2023
March
-
2023
September

Bcs Technology Pty Ltd

Software Engineer Intern

- Assisted in developing front-end features using React and JavaScript for internal projects.
- Gained hands-on experience with version control (Git) and CI/CD workflows.
- Shadowed senior developers and participated in pair programming sessions to learn best practices.
- Documented project requirements and contributed to basic unit testing.

2023
September
-
2024
September

Bcs Technology Pty Ltd

Junior Software Engineer

- Contributed to full-stack development tasks using Node.js, Express, MongoDB, and React.
- Participated in code reviews, sprint planning, and daily stand-ups as part of an Agile/Scrum team.
- Implemented REST APIs and integrated third-party services, improving backend efficiency.
- Helped resolve bugs and performance issues in both front-end and backend codebases.

2024
September
-
2025
April

Bcs Technology Pty Ltd

Front-End Developer

- Developed and maintained responsive front-end interfaces using React, integrating RESTful APIs and dynamic UI components.
- Collaborated closely with UX designers and backend engineers to deliver user-friendly features in an Agile team.
- Optimized performance of client dashboard, reducing page load time by 30%, which improved user retention by 15%.
- Wrote reusable, testable, and efficient code while following industry best practices.

Certifications

- **Web Design for Beginners** – University of Moratuwa, Sri Lanka.
- **Responsive Web Design Certification** – freeCodeCamp
- **JavaScript Algorithms and Data Structures** – freeCodeCamp

Languages

- Tamil (Native)
- English (Professional)

Projects

Web Application for Monitoring Children's Education

2nd Year Project

- Developed a responsive web application to track and enhance children's educational progress.
- Built using HTML, CSS, JavaScript, and MySQL, ensuring a user-friendly interface and efficient data handling.

Saloon Booking App

3rd Year Project

- Collaborated with a team to create a mobile app for salon appointment scheduling.
- Utilized React Native for front-end development and Firebase for real-time database and backend integration.

Research Project: Identification of Gemstones

Final Year Research Focus

- Conducted research on identifying gemstones using absorption band spectrum imagery and refractive index analysis.
- Applied machine learning techniques to improve accuracy in gemstone classification.
